## **GENERAL OVERVIEW**

This guide provides an overview of the Center for Mental Health Services Transformation Accountability (TRAC) online data entry and reporting system for the Infrastructure Development, Prevention and Mental Health Promotion (IPP) Module. The online system, or TRAC, is where designated CMHS Staff review grantees' results each quarter. At any time, you can view all results that have been entered or edited by your grantees and see all results that you need to review or have already reviewed, as applicable.

In this guide you will learn about:

- The timelines for data entry and review: Grantee reporting & GPO review
- Getting started – how to get set up in TRAC
- Using the system including:
  - The TRAC homepage and how to login;
  - Navigating through the IPP screens, including;
    - The Selection of Required Data screen,
    - The Status of Required Data screen, and
    - The Result List screen;
  - How to view indicators selected;
  - How to view, and/or agree or disagree with Results on the Result Record;
  - How to log out; and
  - How to contact the TRAC Help Desk.

For specific instructions on how these data are collected, please refer to the Infrastructure Development, Prevention and Mental Health Promotion (IPP) Overview of Indicators Guide.

## KEY TIMELINES

### Selection of IPP Indicators

The bullets below provide the key dates and time frame for the Federal Program Director's to select the required indicators for each cohort. The indicators will be set by TRAC for the program.

- Cohort's first year – When contacted by the TRAC Grants Coordinator to set up cohort in TRAC system usually within 30 days of the award date.
- Subsequent years, if there are any changes for the new FFY - deadline is September 30

### Grantee Data Entry and GPO Review Timeline

The table below provides key dates for when grantees should submit their data into TRAC, and GPOs should review the data. Once the quarter locks no further data entry, review or edits can be made for the quarter.

FFY Quarter	IPP results completed between:	Grantee must enter into TRAC by:	GPO review must be completed by:	TRAC System will lock on this date
1	October 1 – December 31	January 31	February 28	April 1
2	January 1 – March 31	April 30	May 31	July 1
3	April 1 – June 30	July 31	August 31	October 1
4	July 1 – September 30	October 31	November 30	January 1

**Deadline for Grantees' Quarterly Reporting:** Grantees can submit their data anytime during the quarter in which an activity occurred. The schedule for reporting is one calendar month after the close of the Federal Fiscal Year (FFY) quarter of the data report and the system will lock the quarter for further reporting one quarter after.

For example, grantees should report activities that occurred between July 1 and September 30 for the 4<sup>th</sup> quarter and should have their data into TRAC by October 31<sup>st</sup>. They can, however submit the data in real time as activities occur and the system will not lock them out of the quarter until April 1<sup>st</sup>.

**Deadline for GPO Review & Grantee Revisions:** GPOs can review and agree or disagree with grantee results as they are entered. The schedule for GPO review is suggested to be complete 1 month after the grantee deadline for quarterly reporting. It is important to note that grantee revisions must also be completed before the lock, so it is imperative that GPOs do not wait until the last week or days before the lock to review IPP data to allow the grantees time to make requested revisions.

Following the example above, for the 4th quarter report, GPOs should have reviewed, and approved all results submitted for that quarter by November 30<sup>th</sup>. Also all grantee revisions should be made by December 31<sup>st</sup>. The system will lock the 4<sup>th</sup> quarter on January 1<sup>st</sup>.

## TRAC Administration Review

As part of the data quality control process, TRAC administration will review IPP results every quarter. The review will focus on: outliers; result descriptions that do not seem to match the number or indicator reported; and when data indicating no results were not entered via the proper No New Result link. The grantee editing process and administration final review after an **Admin Disagree** mirrors the GPO process. GPOs will receive an email from TRAC when the review process begins each quarter.

As a part of the TRAC admin review, GPOs can OPT-IN to receive an email when TRAC Admin disagrees with a grantee's IPP result. To OPT-IN for the email, a GPO needs to log into the TRAC system, click on My Account in the left menu bar, then Update My Info. The screen below appears.

Home > My Account > Update My Information

Print Previous Next

### Update My Info

First Name:	GPO Test		
Last Name:	IPP		
Email Address:	4186_GPOTest_IPP_GPO@fakemail.com		
Confirm Email Address:	4186_GPOTest_IPP_GPO@fakemail.com		
Phone #1:	Area Code	Number	Ext
	999	9999999	
Phone #2:	Area Code	Number	Ext
Phone #3:	Area Code	Number	Ext
Subscribe to Listserv:	No		
Receive email when Admin disagrees with an IPP result:	No		

Submit Cancel

The GPO user then needs to select “Yes” from the drop down box next to “Receive email when Admin disagrees with an IPP result:”, then click on the “Submit” button. The system default is for the GPO user to **not** receive these emails.

## GETTING STARTED

### ENSURE THE SECURITY AND ACCURACY OF YOUR DATA

The data entry and reporting components of the TRAC system are restricted to ensure the accuracy and security of the data. Each user must have a username and password to enter these

sections.

The CMHS TRAC Project Officer is responsible for identifying CMHS staff that can access the data within the TRAC system. The Project Officer must ensure the list of staff that has access to TRAC is current by contacting the TRAC Help Desk when:

- A staff member requires access to TRAC (needs a username and password);
- A staff member leaves CMHS and their account must be disabled;
- A staff member has mistakenly been given access to the TRAC system and their account must be disabled; and/or
- A security breach has been suspected.

## **HOW TO OPEN, UPDATE, OR CLOSE A TRAC ACCOUNT**

### **Open Your User Account**

To open a new TRAC user account, Project Officers are required to fill out a TRAC User/Update/Remove Form. This form collects general information such as address, phone number, and the user's CMHS Division, Branch and Program.

### **Update/Close TRAC Accounts**

Once a grant is set up in the TRAC system, Project Directors are required to use the TRAC User/Update/Remove Form to:

- request a new staff account
- update contact information for an existing account
- close a staff account when needed

To request a TRAC User Add/Update/Remove Form, please contact the TRAC Help Desk at 1-888-219-0238 or send an email to [TRACHELP@Westat.com](mailto:TRACHELP@Westat.com).

**Please note:** When a staff member leaves a program, his/her username and password will be deactivated.

## **USERNAMES AND PASSWORDS**

### **Usernames and Passwords**

Usernames are created by the TRAC system based on the name of the user. For example, for John Doe, the username will be JDoe – the first initial of your first name and your full last name. The initial password you receive is randomly generated by the TRAC system. You are prompted to change your password the first time you log on to the TRAC system. Once an account is set up for you, a TRAC system-generated email is sent to you providing your username and password.

### **How to Change the Initial (Temporary) Password**

The first time you log on to the TRAC system, you are prompted to change your password. A password can be any combination of numbers and letters. However, it must contain at least one

capital letter and one number in order to minimize identity theft. Passwords must also be different from your username, be between 6 and 15 characters in length, and contain no blanks. Passwords are case sensitive. The password should be something easy for you to remember but difficult for someone else to guess.

### **How Often Passwords Expire**

Passwords automatically expire every 180 days. The TRAC system prompts you to create a new password at this point when you attempt to enter the system. The new password must be different from any password you previously used.

### **How to Change My Password**

You can change your password by selecting the '[Change Password](#)' hyperlink on the Login screen or on the left menu bar. Note: A user must know their username and current password in order to use this feature. If this information is unknown, contact the TRAC system Help Desk.

### **When You Can't Remember Your Password**

If you do not remember your password, the '[Can't Remember Password](#)' hyperlink allows you to receive your password via email. This password is now temporary; you are instructed to change your password once you enter the system. Follow the Change Initial Password instructions once the temporary password is received. Note: You must know your username in order to use this feature. If this information is unknown, contact the TRAC system Help Desk.

Note: If you forget your username and password, a new temporary password will need to be created for you by the TRAC Help Desk. Your account is disabled after five unsuccessful attempts to enter the system with either an incorrect username or password.

## **SYSTEM ROLES AND ACCESS**

Each user is assigned a role within the TRAC system that dictates his/her function and access. The following roles are available in the IPP module:

### **Grantee**

- Designated Grantee Staff
- Can enter the result data for the grant
- Can revise results per GPO comment
- Has access to all grants to which he/she is associated

### **Government Project Office (GPO)**

- CMHS staff
- Provides oversight of grantee data collection, annual goals, and performance
- Ensures grantee's results are in accordance with the intended activities of the grant as described in your application.
- Has access to all grants to which he/she is associated

### **Federal Program Director (FPD)**

- CMHS staff
- Program Leader (the Branch Chief or their designated Team Lead or Coordinator)
- Responsible for data collection decisions (i.e., selecting required indicators) for all grants within a program. This involves ensuring consistency in data collection and definitions
- Has access to all grants to which he/she is associated

### **TRAC Admin**

- Westat staff
- Can view all programs and grants and have full access to the TRAC system
- Review IPP data for quality control, even items with a status of GPO Agrees

### **TRAC System Automatic Timeout**

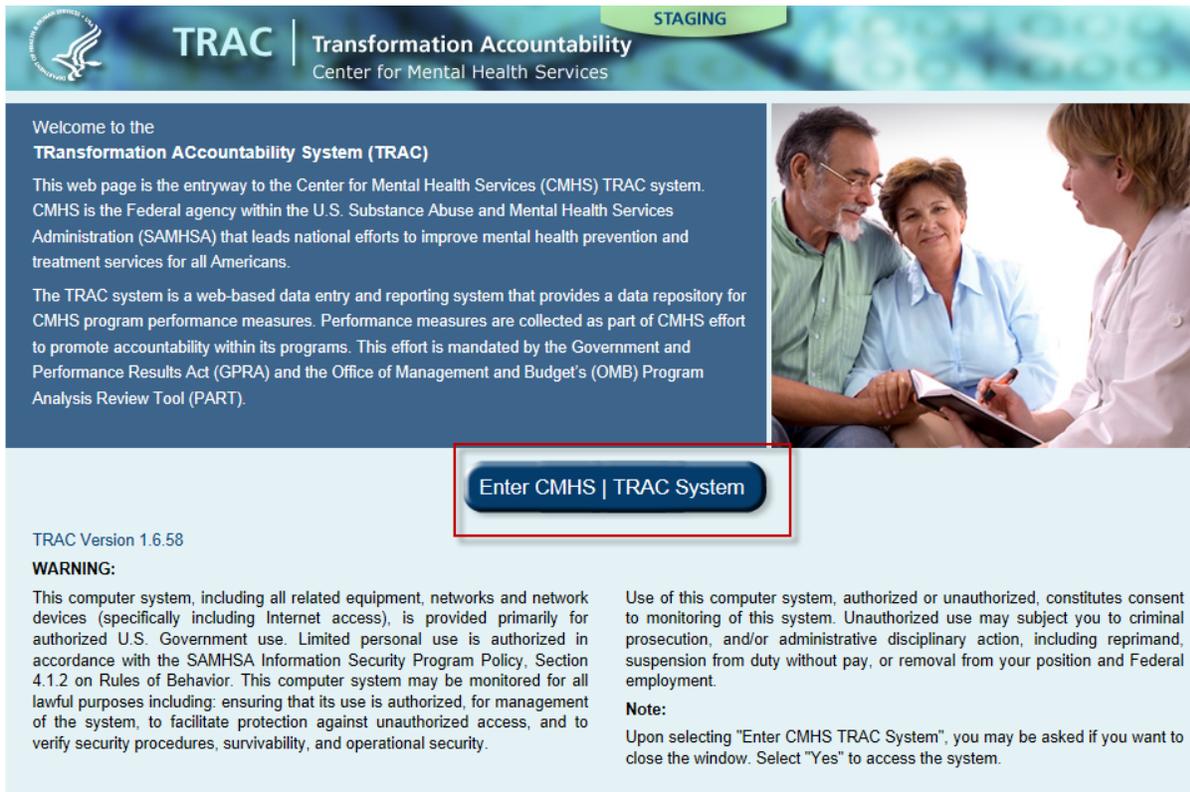

The TRAC system is set to automatically log a user off after 20 minutes of inactivity on the system for security reasons. ***The TRAC system will not save partial records.***

# USING THE SYSTEM: GOVERNMENT PROJECT OFFICERS (GPOs) and CMHS staff

## ACCESSING THE TRAC ONLINE DATA ENTRY AND REPORTING SYSTEM

The web address for the TRAC system is <https://www.cmhs-gpra.samhsa.gov/index>. Creating a bookmark enables easy access to the website. Click the “Enter CMHS | TRAC System” button.

### HOME PAGE

STAGING

TRAC | Transformation Accountability  
Center for Mental Health Services

Welcome to the  
**TRansformation AAccountability System (TRAC)**

This web page is the entryway to the Center for Mental Health Services (CMHS) TRAC system. CMHS is the Federal agency within the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA) that leads national efforts to improve mental health prevention and treatment services for all Americans.

The TRAC system is a web-based data entry and reporting system that provides a data repository for CMHS program performance measures. Performance measures are collected as part of CMHS effort to promote accountability within its programs. This effort is mandated by the Government and Performance Results Act (GPRA) and the Office of Management and Budget's (OMB) Program Analysis Review Tool (PART).

**Enter CMHS | TRAC System**

TRAC Version 1.6.58

**WARNING:**

This computer system, including all related equipment, networks and network devices (specifically including Internet access), is provided primarily for authorized U.S. Government use. Limited personal use is authorized in accordance with the SAMHSA Information Security Program Policy, Section 4.1.2 on Rules of Behavior. This computer system may be monitored for all lawful purposes including: ensuring that its use is authorized, for management of the system, to facilitate protection against unauthorized access, and to verify security procedures, survivability, and operational security.

Use of this computer system, authorized or unauthorized, constitutes consent to monitoring of this system. Unauthorized use may subject you to criminal prosecution, and/or administrative disciplinary action, including reprimand, suspension from duty without pay, or removal from your position and Federal employment.

**Note:**

Upon selecting "Enter CMHS TRAC System", you may be asked if you want to close the window. Select "Yes" to access the system.

The first screen you see after clicking the CMHS-TRAC button is the TRAC – Transformation Accountability Main Menu page which allows you to access the various parts of the system as described below.

### Improving Confidence

The mission of the Government Performance and Results Act (GPRA) of 1993 is to improve the confidence of the American people in the capability of the Federal Government by holding all Federal agencies accountable for achieving program results. Under GPRA law, the Substance Abuse and Mental Health Services Administration (SAMHSA) is required to set specific performance targets, to measure program performance on a regular basis against those targets, and to report annually to Congress on each of the SAMHSA Centers' results. In short, GPRA is intended to increase program effectiveness and public accountability by promoting a new focus on results, service quality, and customer satisfaction. In order to better meet these GPRA expectations, SAMHSA has established National Outcome Measures (NOMs) to promote the use of consistent measures across its programs. The NOMs are comprised of ten domains that embody meaningful, real life outcomes for people who are striving to attain and sustain recovery; build resilience; and work, learn, live, and participate fully in their communities.

## LEFT MENU BAR

The menu bar on the left side of the screen allows for easy navigation through the TRAC system including:

- General Info & Training – a section of the public access portion of the website with General Information about TRAC, the TRAC Activities, training materials for each module and program specific guidance.
- Contact Us – a screen with information on how to contact the TRAC Help Desk
- Login – the Login screen.

## CENTER MENU BAR

The General Info tab is the public section of the site; it does not require a username or password. The public section provides general information about TRAC and specific data collection materials. Anyone with Internet access can retrieve information from this section which includes the IPP indicators/measures and training materials.

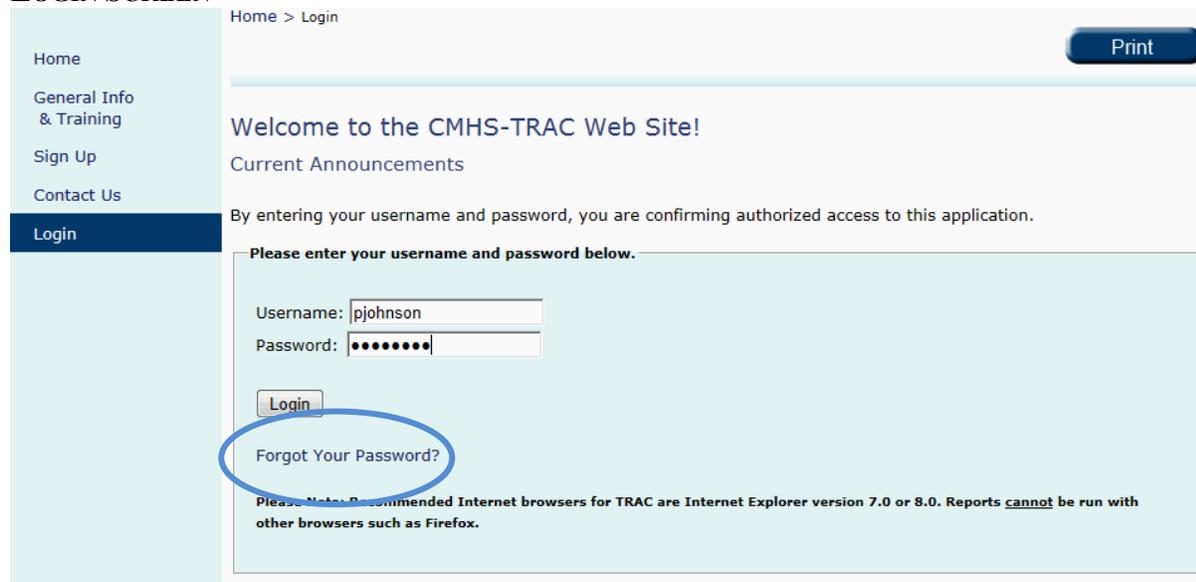

The TRAC Info, Data Entry, and Reports tabs take you to the login screen to then access these password-protected portions of the site. These sections are for authorized users to view and/or download restricted TRAC documents or information and to enter IPP data and/or run reports.

## LOGIN SCREEN

### HOW TO LOG INTO THE DATA ENTRY SCREENS

From the Homepage, select Login located on the TRAC navigation menu bar on the left or click on Data Entry on the main screen to log on to the TRAC system.

## LOGIN SCREEN

On the login screen, enter your Username and Password and click on the Login button. If you have forgotten your password, click on the link at the bottom of the screen, shown in the circle.

Once you are logged on to the TRAC system, the Main screen appears again, but you now have access to the password protected sections of TRAC. Notice the additional options on the TRAC navigation menu bar on the left on the screen on the next page.

## MAIN SCREEN – POST LOGIN

To enter the IPP section of the TRAC system, from the main screen click on Data Entry, then click IPP under Data Entry (see Data Entry Screen 1), and you will be taken to the IPP Data Entry portion of TRAC the ADD/FIND results screen.

The screenshot shows the TRAC system interface. At the top, the header contains the TRAC logo, the text 'Transformation Accountability Center for Mental Health Services', a 'STAGING' label, and user details: 'User: Gigi Belanger' and 'Roles: GPO, Government Project Officer IPP'. A 'Print' button is located in the top right. On the left, a vertical navigation menu lists options: Home, General Information, TRAC Information, Contact Us, Data Entry (highlighted with a red box), Reports, Change Password, and Logout. The main content area features a horizontal navigation bar with 'General Info', 'TRAC Info', 'Data Entry' (highlighted with a red box), and 'Reports'. Below this, a section titled 'Improving Confidence' contains text explaining the mission of the Government Performance and Results Act (GPRA) of 1993 and the role of the Substance Abuse and Mental Health Services Administration (SAMHSA) in setting performance targets and reporting to Congress. It also mentions National Outcome Measures (NOMs) and their focus on meaningful, real-life outcomes. At the bottom of this section, contact information is provided: 'For more information contact: Toll-free: 1-888-219-0238 TRAC Help Desk'.

## DATA ENTRY - SCREEN 1

Home > Data Entry Print

### Data Entry

Welcome to the TRAC Data Entry System. This system contains information on TRAC's four data entry activities: 1) Annual Goals and Budget Information; 2) NOMs Client-Level Measures for Discretionary Programs Providing Direct Services; 3) Infrastructure Development, Prevention & Mental Health Promotion; and 4) Technical Assistance (TA) Annual Survey.

#### Annual Goals and Budget Information

Upon award of a grant, in collaboration and conjunction with CMHS, grantees' annual performance goals and budget information will be used in TRAC reports as well as for performance management and oversight. The Annual Goals Data Entry is where:

- Project Directors can enter and view their goals and budget information (when required by CMHS)
- GPOs can view and approve goals and budget information that Project Directors set

#### NOMs Adult and Child Client-level Measures (Services)

Performance measurement of consumer outcomes is intended to increase program effectiveness and public accountability by promoting a new focus on results, service quality, and customer satisfaction. The NOMs Client-level Measures tool Data Entry system is where Grantees can:

- Enter de-identified consumer level interview and administrative data (Baseline, Reassessment, and Clinical Discharge)
- View and edit existing interviews and administrative data

#### Infrastructure Development, Prevention & Mental Health Promotion (IPP)

CMHS has developed indicators to collect performance data about grantees' Infrastructure Development, Prevention & Mental Health Promotion (IPP) activities. The IPP Data Entry and Reporting system is where:

- Federal Program Directors can view and/or select which IPP Indicators their program(s) collect
- Grantees can enter IPP Indicator results
- Grantees can view and/or edit existing results
- Government Project Officers can view Grantees' results

#### Technical Assistance (TA) Annual Survey

CMHS has developed a survey to collect information about CMHS-funded Technical Assistance centers. The TA Performance Measurement survey is where Grantees can enter feedback regarding TA received. This survey is conducted annually during the month of September; Project Directors are notified in advance via email regarding when and how to complete the survey.

## ADD/FIND RESULTS SCREEN

### FIND RESULTS

To search results that need an action by you or to review previously entered results, complete the selection criteria below and click on the Find Results button.

Grants status:  Active Only  Active and Inactive

Program:

Available Cohorts 7/1/2010 - IPPT01 7/1/2011 - IPPTADB	<input type="button" value="&gt;"/> <input type="button" value="&lt;"/>	Selected Cohorts
Available Grants	<input type="button" value="&gt;"/> <input type="button" value="&lt;"/>	Selected Grants
Available Priority Types	<input type="button" value="&gt;"/> <input type="button" value="&lt;"/>	Selected Priority Types Time-Sensitive(deadline expires <= 30 days) Non-Time-Sensitive
Available Status	<input type="button" value="&gt;"/> <input type="button" value="&lt;"/>	Selected Status Incomplete – Pending GPO or Admin Review Incomplete – Pending Grantee Revision or Missin Complete – GPO or Admin Disagreed Complete – Agreed
FFY Quarter: <input type="text"/>		
Available Indicators	<input type="button" value="&gt;"/> <input type="button" value="&lt;"/>	Selected Indicators

## ADD/FIND RESULTS SCREEN

The Add/Find Results screen will allow you to select Program(s), Cohorts(s), and Grant(s) for which you want to review results. You can also select other criteria.

### Programs, Cohorts, and Grants

Select the Program you want to review from the **Program** drop down.

You then can select which cohort and grants you want to review by using the mover boxers under **Available Cohorts** and **Available Grants**.

### **Priority Types**

The **Available Priority Types** mover box allows you to search the results by “Time-Sensitive” or “Non-Time Sensitive” Results. “Time-Sensitive” will list results that are due within 30 days.

### **Status**

The **Available Status** mover box allows you to search the results by “Incomplete” or “Complete” Results. If you select the status of “Incomplete-Pending GPO review” the Results List will show all results that are awaiting your review.

### **FFY**

You can select which FFY Quarter for which you would like to review results. The default is the Current + Previous quarter.

### **Indicators**

You can select which indicators you would like to show on the Results List screen. The default is all indicators required for the Program/Cohort/Grant you selected.

Once you have made all the selections, click the **Find Results** button. You will be taken to the Results List screen.

## RESULTS LIST SCREEN

The Result List screen acts as a quasi-report and navigation screen. It is updated based on both your review actions and the data entry actions of the grantees. The Result List provides you with a list of all results that have been entered by indicator and quarter by the grantees.

The **Print** button prints the current screen. To view the glossary, click on the **View Glossary** link. The glossary contains items that appeared three or more times in the Grantee's Data Collection Guide for IPP.

### Results List

Indicator	Print	Grant ID	Organization Name	Result Name	FFY Quarter	Status
PD2	<a href="#">Print</a>	ITTP001	Westat Test	A Comprehensive State Plan	2014 Q1 (10/1/2013 - 12/31/2013)	Pending GPO Review
WD3	<a href="#">Print</a>	ITTP001	Westat Test	A Peer Support Specialist	2014 Q1 (10/1/2013 - 12/31/2013)	Pending GPO Review
WD1	<a href="#">Print</a>	ITTP001	Westat Test	A Wellness Recovery Action Plan Training	2014 Q1 (10/1/2013 - 12/31/2013)	GPO Disagrees
WD3	<a href="#">Print</a>	ITTP001	Westat Test	Additional licensures	2014 Q1 (10/1/2013 - 12/31/2013)	Pending Grantee's Revision
WD3	<a href="#">Print</a>	ITTP001	Westat Test	Additional Licensures	2014 Q1 (10/1/2013 - 12/31/2013)	GPO Agrees
PD2	<a href="#">Print</a>	ITTP001	Westat Test	Community Readiness Assessment	2014 Q1 (10/1/2013 - 12/31/2013)	Pending GPO Review
F2	<a href="#">Print</a>	ITTP001	Westat Test	MISSING DATA - ADD RECORD	2014 Q1 (10/1/2013 - 12/31/2013)	Incomplete - Pending Grantee Revision or Missing Data
					2014 Q1	Incomplete - Pending

The system is set up to allow grantees to enter data at any time during the quarter or up to one month after the quarter ends. You can complete your review as grantees submit data, or wait until after the data entry period ends. All GPO reviews and grantee revisions must be done by the system lock dates.

### **What Data Your Grantees Have Submitted**

The Results List table rows are organized by indicators. Each row represents a record or result entered by a single grantee, and provides the following information to aide you in reviewing the data: the grant number and organization name, the result name and description entered by the grantee, the quarter the activity/result was completed (date range of completion), and status of whether you agreed or disagreed with the result, or have yet to review it (Pending GPO Review). In this table, you are able to view data for more than one indicator, grant or organization.

#### **Result Name**

Click the Result Name column heading to toggle the sort order between ascending and descending alphabetically. Click on the named result in the table and you are taken to that particular Result Record which you can view only. If “No New Results” is indicated, “No New Results” will display in this column.

#### **FFY Quarter**

This is the quarter the grantee selected as the date of completion for a particular result. The default view is the current + previous quarter.

#### **Status (Where in the Process is Each Record)**

This column indicates where an individual result record is in the process. The following options may be displayed:

*Pending GPO Review:* Indicates the GPO has not reviewed the Result Record.

*Pending Grantee’s Revision:* Indicates the Grantee has yet to finalize the revision.

*GPO Agrees:* Indicates the result record was agreed to by the GPO. No further action necessary.

*GPO Disagrees:* Indicates the result record was disagreed to by the GPO. No action necessary.

*Incomplete- Pending Grantee Revision or Missing Data:* Indicates that no results have been entered for the indicator. The grantee must enter a result.

## REVIEWING GRANTEE RESULTS

The result record is where you review the results and agree or disagree with the information submitted; Grantee's enter results information for an individual IPP indicator using this screen.

You navigate to this screen by clicking on an individual result (either the result name or the status hyperlinks) from the Result List screen.

The key information provided on this screen includes:

- How to Review Your Grantees' Data
- What Happens When You Disagree with a Grantee's Data

## RESULT RECORD SCREEN

Program: Campus Sui | Cohort: Campus Sui | FFY: 2013 | FFQ: 3 | Grant ID: SM60459 | Org Name: Mt. San Antonio College

### Result Record

View Glossary

(OMB Number: 0930-0285; Expiration Date: 9/30/2013)

**INSTRUCTIONS:** Enter one result per indicator on this data entry screen. Please do not use the same result name twice in one federal fiscal year quarter<sup>1</sup>. Note: Screen will refresh when you select the date range or indicator.

Grant Number: SM60459 (Mt. San Antonio College)

Date Range Result Was Completed: FFY 2013 Quarter 3 (Apr. 1 2013 – Jun. 30 2013)

Indicator: Workforce Development - WD2

The number of individuals contacted through program outreach efforts.  
<sup>1</sup> FFY QUARTER 1 (10/1- 12/31); FFY QUARTER 2 (1/1- 3/31); FFY QUARTER 3 (4/1- 6/30); FFY QUARTER 4 (7/1- 9/30)

If there were no new results, check this box:

Result Name: Gatekeeper Training for mental health and related workforce

Result Description: (Do not exceed 550 characters.)  
1 Campus staff received 90-minute QPR Gatekeeper training, which included suicide awareness, prevention information, and referall resources for students they work with.  
13 Campus staff completed Kognito At-Risk

Number: 14

<sup>1</sup> FFY QUARTER 1 (10/1 - 12/31); FFY QUARTER 2 (1/1 - 3/31); FFY QUARTER 3 (4/1 - 6/30); FFY QUARTER 4 (7/1 - 9/30)

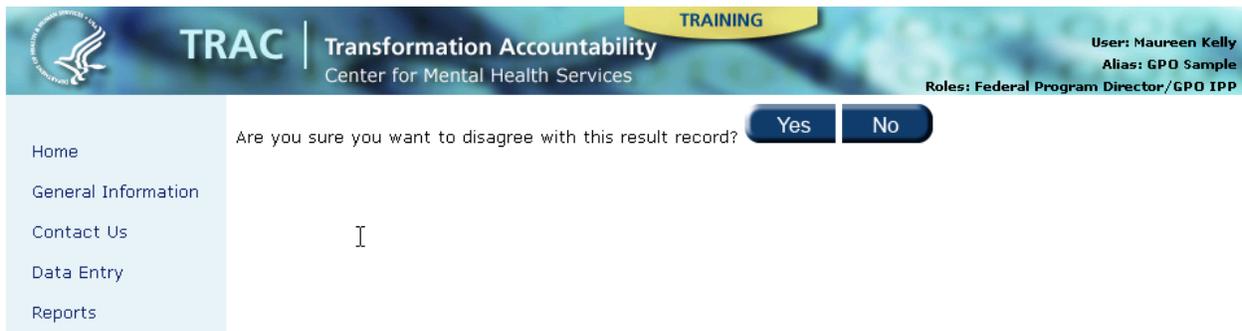

## How to Review (Agree or Disagree with) Your Grantees' Data

After clicking on an individual result name or status hyperlink on the result list, you are taken to the individual result record, which is the result record the grantee submitted. You are able to view only the data the grantee submitted. Below the result information, select either “GPO Agrees” or “GPO Disagrees”.

When you have selected “GPO Agrees” and click Save, this change will be reflected on the grantee’s result list.

When you have selected “GPO Disagrees”, you will be asked “Are you sure you want to disagree with the result record entered?” Click on Yes to proceed; you will then need to enter the reason you disagree with the grantee’s result and recommend actions.

### RESULT RECORD SCREEN - GPO DISAGREE POP-UP

The screenshot displays the TRAC (Transformation Accountability Center for Mental Health Services) interface. At the top, there is a header with the TRAC logo, the text "TRAC | Transformation Accountability Center for Mental Health Services", a yellow "TRAINING" button, and user information: "User: Maureen Kelly", "Alias: GPO Sample", and "Roles: Federal Program Director/GPO IPP". On the left side, there is a navigation menu with links for "Home", "General Information", "Contact Us", "Data Entry", and "Reports". The main content area shows a confirmation message: "Are you sure you want to disagree with this result record?". To the right of this message are two buttons: "Yes" and "No". Below the message, there is a vertical cursor (I-beam) indicating a text input field.

## How to Review (Agree or Disagree with) Your Grantees' Data (*Continued*)

### RESULT RECORD SCREEN - DISAGREE GPO EXPLANATION IS ENABLED

**Disagree: GPO/Admin Explanation**

Reason for Disagreement:

- Coding error
- More information is needed; not enough detail
- Result doesn't qualify

Recommended Action:

- Grantee should revise and resubmit
- Grantee should contact project officer
- No action required by grantee - disagreement

Explanation:

### Disagree: GPO Explanation

#### Reason for Disagreement

You can select all or any combination of the categories shown. Response categories are as follows:

- Coding error (i.e., data has been entered into the wrong indicator, result description discussed one number, but what is entered in the number field is another number)
- More information needed, not enough detail
- Result doesn't qualify (an activity that is not funded by the grant)

#### Recommended Action

You can select the following recommended actions:

- Grantee should revise and resubmit
- Grantee should contact project officer.
- No action required by grantee – disagreement

The first two options can be selected together or separately. The last option “No Action Required” is a stand-alone option for a final disagreement

## Explanation

Provide an explanation in this box to inform the grantee in greater detail as to why you disagreed with the submitted result and the recommended action they should take to correct the error. Any additional information you would like to convey to the grantee regarding the result can also be included in this box. This field is limited to 550 characters.

## Email

Once you finish entering the required data on the “Disagree GPO Explanation” portion of the result record screen, an email is automatically generated by the TRAC system and sent to all TRAC users within the grant for which the result was disagreed. The email notifies them that a result was disagreed with by you, their GPO, and that they must check the system for specific reason – you will be copied on this email.
