GENERAL OVERVIEW

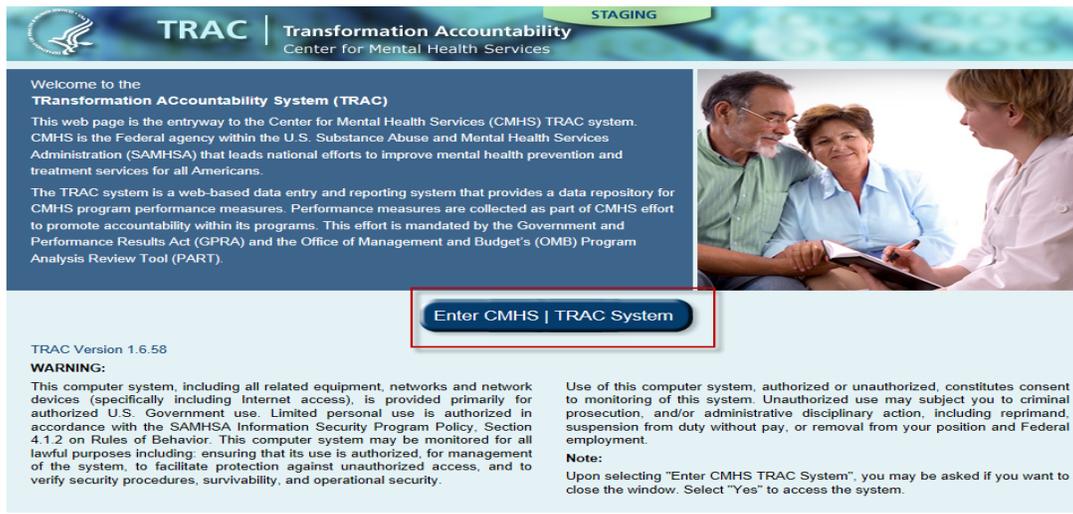

This guide provides an overview of the Transformation Accountability (TRAC) online data entry and reporting system for the Infrastructure Development, Prevention and Mental Health Promotion (IPP) Indicators. The TRAC system provides a platform for CMHS grantees to enter Results for the required IPP indicators for each quarter; view Results that have been entered; see Results that have been reviewed by a Government Project Officer (GPO); and edit Results as necessary.

For specific instructions on each IPP category and indicator, please refer to the Infrastructure Development, Prevention and Mental Health Promotion (IPP) **Overview of Indicators Guide** located on the TRAC website at <https://www.cmhs-gpra.samhsa.gov>.

SECTION A: ACCESSING THE TRAC SYSTEM

The web address for the TRAC system is <https://www.cmhs-gpra.samhsa.gov>. We encourage you to create a bookmark to easily access to the website.

To access the TRAC system data entry main menu, please click the **Enter CMHS | TRAC System** hyperlink.

Welcome to the **Transformation Accountability System (TRAC)**

This web page is the entryway to the Center for Mental Health Services (CMHS) TRAC system. CMHS is the Federal agency within the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA) that leads national efforts to improve mental health prevention and treatment services for all Americans.

The TRAC system is a web-based data entry and reporting system that provides a data repository for CMHS program performance measures. Performance measures are collected as part of CMHS effort to promote accountability within its programs. This effort is mandated by the Government and Performance Results Act (GPRA) and the Office of Management and Budget's (OMB) Program Analysis Review Tool (PART).

Improving Confidence

The mission of the Government Performance and Results Act (GPRA) of 1993 is to improve the confidence of the American people in the capability of the Federal Government by holding all Federal agencies accountable for achieving program results. Under GPRA law, the Substance Abuse and Mental Health Services Administration (SAMHSA) is required to set specific performance targets, to measure program performance on a regular basis against those targets, and to report annually to Congress on each of the SAMHSA Centers' results. In short, GPRA is intended to increase program effectiveness and public accountability by promoting a new focus on results, service quality, and customer satisfaction. In order to better meet these GPRA expectations, SAMHSA has established National Outcome Measures (NOMs) to promote the use of consistent measures across its programs. The NOMs are comprised of ten domains that embody meaningful, real life outcomes for people who are striving to attain and sustain recovery; build resilience; and work, learn, live, and participate fully in their communities.

The password protected portions of the site allow access to **Data Entry, Reports, Data Download**, and the grantee specific **My Account Page**. These sections of the site are for authorized users to view and/or download restricted TRAC documents or information and to enter data and/or run reports.

GPO REVIEW OF RESULTS

Each Result entered is reviewed by a Government Project Officer (GPO). The GPO will enter an agreement or disagreement for each Result. When the GPO disagrees, you will receive an email from the TRAC system notifying you that a Result received the status of disagree and if edits are required. You will then need to go into the TRAC system to review and edit that Result Record.

If the GPO disagrees with a Result and requires you to edit it **Pending Grantee's Revision** will appear in the Status column. Click **Edit** to view and edit the Result and read the GPO's remarks.

Recommended Action

The GPO will select from the following categories:

- * **Grantee should contact project officer**
- ** **No action required by grantee – disagreement**

* These two categories can be checked individually or together.

** This category is a final Result. It can only be checked on its own.

Explanation

IPP DATA DOWNLOAD

To download data for a grant, select **Data Download** from the left menu bar. Under Data Download select **IPP** to access the IPP Data Download screen. You are not required to download data; this is available only as an option should you wish to do your own data analysis.

The IPP Codebook may be used to understand the variable names and coding of the downloaded data. The codebook is located at <https://www.cmhs-gpra.samhsa.gov> under General Info & Training > IPP Training.

The grants you have access to will be in the pull down menu under **Available Grants**.

Select the grant you want to download data for then select the **Next** button.

Once you select a grant, the system will display the download criteria screen. On this screen, you can choose to download data for the following specific criteria:

- **Select a Data Collection Point** – There are two available data collection points: With GPO Comments and Without GPO Comments
- **FFY** – This selection produces data for a particular Federal Fiscal Year or all the years available

- **FFQ** – This selection produces data for a particular Federal Fiscal Quarter or all the quarters available
- **Select Download Format** – This selection produces the data download in either Excel or HTML formats

Select the criteria you want, and then select Next.

The breadcrumb trail is 'Home > Data Download > IPP > IPP Selection'. On the right, there are buttons for 'Print', 'Previous', and 'Next', with 'Next' highlighted by a red box. The left sidebar contains a menu with 'IPP' selected. The main content area is titled 'IPP Data Download' and contains a 'Download Criteria' section. A note states: 'Note: When a specific Federal Fiscal Year or Quarter is selected, only records for that period will be included in your download. To analyze your full data, please leave to their default selections.' Below the note are four dropdown menus: 'GrantID:' with value 'SCN01234', 'Select a Data Collection Point:' with value 'With GPO Comments', 'FFY:' with value 'All Years', and 'FFQ:' with value 'All Quarters'. The 'Select Download Format:' dropdown is set to 'Excel'.

The system will display the number of records to be downloaded and require you to respond **Yes** or **No** before proceeding to the data download. You may **Print** or **Save** the data output as desired.

This screenshot shows the same TRAC system interface as the previous one, but with a 'Download Confirmation' dialog box displayed. The dialog box contains the text: 'You are about to download 6 records. Are you sure you want to continue?'. Below the text are two buttons: 'Yes' and 'No'.

LOG OUT

To exit the TRAC system, click **Logout** in the left menu. You will return to the main TRAC screen.

The screenshot displays the TRAC (Transformation Accountability) system interface.
