

Mental Health Transformation Grant (MHTG) Program Specific Guidance

TRAC IPP Indicators Guidance

- 1. Accountability A4 and A6:** Please create separate results forms for consumers vs. family members involved in these activities, so that we can track them separately. Please see the definitions of consumer and family member in the TRAC IPP Guide.
- 2. Accountability A5:** Please create separate results forms for consumers vs. family members involved in these activities, so that we can track them separately. Please see the definitions of consumer and family member in the TRAC IPP Guide. Also create a separate results form for consumers representing family organizations, if any, vs. consumers representing consumer organizations.
 - Consumer organizations are organizations that are controlled and managed by mental health consumers and for which over half of the members of the board of directors identify as mental health consumers.
 - Family organizations are organizations that are controlled and managed by family members of mental health consumers and for which over half of the members of the board of directors identify as family members of mental health consumers.
- 3. Types/Targets of Practices T2, T3, and T4:** Do not include peer specialist services under these indicators. Only EBP services newly provided as a result of the grant should be included; do not include EBP services that were already being provided prior to grant award.
