Revision Log for Changes to the Child Tool and Question-by-Question Guide

Last Updated: January 15, 2014

Version 11 Tool Changes

NOTE: These **four** changes to the Child paper tool and Question by Question guide will take effect February 4, 2014 and will be reflected in the data entry system on March 4, 2014.

Tool Change #1: New probe for e-cigarettes added to Question B4I “other specify”.

QxQ pages changed:

- Page 24: New e-cigarette probe under “other specify”.

Tool Change #2: Section B: Military Family Deployment: Add Question 5 (Current military service) for Baseline Interviews.

QxQ pages changed:

- Page 4: Table 1 now shows Question B5 as being collected at baseline
- Page 6: Lists Section B Question 5 being collected at baseline
- Page 27: New Question B5 information including intent/key points, coding topics/definitions, and skip patterns.

Tool Change #3: Section B: Military Family Deployment: Remove Questions 6.a.1 through 6.b.6 from all interviews.

QxQ pages changed:

- Page 28: All information about Questions B6.a.1-B6.b.6 has been deleted.

Tool change #4: The Child Tool is now only offered in one version, the Combined Child or Adolescent or Caregiver Respondent Version.

QxQ pages changed:

- Page 2 explains the combined version of the tool.
